Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Sunday 21 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny and largely dry but feeling colder than of late.

Today:
Following a chilly start, a good deal of sunny intervals today. Staying largely dry though isolated showers may feed into the east. Feeling noticeably colder with breezy winds. Maximum temperature 8 deg C (46 deg F).

Tonight:
Skies staying largely clear overnight with winds easing. This allows temperatures to drop, resulting in a cold night with a risk of frost in sheltered locations, particularly in the northwest. Minimum temperature 0 deg C (32 deg F).

Monday:
Another chilly start on Monday, but a sunny and dry day follows with clear skies and light winds. Temperatures slightly closer to average but still feeling on the cold side. Maximum temperature 9 deg C (48 deg F).

Outlook for Tuesday to Thursday:
Another largely dry day on Tuesday with some sunny intervals, then somewhat cloudier on Wednesday with outbreaks of light rain later. Turning brighter, breezier, and colder again on Thursday.
